Your Buick is mighty "Choosey" about the company it keeps........
Treat it to the Best
Use only Cars Quality
Original, Reproduction
and Used Parts
For those requiring the best for their show ready car, these reproduction wire sets are unsurpassed. They are manufactured to original GM blueprint specifications. They include the proper boots, terminals, script and correct factory length. All wires are carbon core for radio suppression. They come correctly identified with "Packard Radio TVRS" or "Radio GM" along with the proper date code to match your car.

Date codes will read as such: 3 Q 67. The first number, "3" corresponds to the third quarter of the year. "Q" means quarter. The last number, "67", is the year, 1967. Thus, a cable marked 3 Q 67 was produced in the third quarter of 1967. You should order your spark plug wire sets with dates that are 6 to 12 months prior to the manufacturing date of your car. Note: wires were not dated on vehicles prior to January 1961.

Carburetor Rebuilding and Restoration Service

Each carburetor is totally disassembled and cleaned in a hot tank solution. Then, each component is correctly plated, painted and colored to duplicate its original factory finish. The carburetor is reassembled using all proper gaskets, pumps, needles and seats, etc. and new correct screws. Finally, all bench adjustments are made to factory specs. This includes correct shimming of the start switch. The result, the best rebuilt and restored carburetor available in the Hobby. **NOTE:** This is not an area to skimp on your restoration. Demand the best!

Buick used two types of steering linkages from 1961-1975, Saginaw and Thompson (Alternate). Saginaw original equipment can be identified by having a plastic plate, or a small "s" stamped on the plate. (see illustration A) Saginaw Idler arm assemblies will typically be a three-piece unit having a threaded steel bushing (see illustration B). The Saginaw Idler Arm Assembly with the metal plug design is an integral unit with the bracket (see illustration C). Saginaw centerlinks have ball studs that measure .587 (see illustration D). Saginaw linkage has straight joints (see illustration E).

Thompson or Alternate original equipment can be identified by a plain metal cover plate under the ball stud of each socket (see illustration E). Thompson Idler Arm assemblies are a one piece unit (see illustration F). Thompson centerlinks have ball studs that measure .556 (see illustration G). Thompson linkage has tapered joints (see illustration H).

**SHOP MANUALS:** A Shop Manual is **ESSENTIAL.** This should be your very first purchase after buying your car. These fully illustrated books were originally developed by **BUICK** for trained **BUICK** mechanics. They offer in detail, description and analysis as well as maintenance and step by step overhaul procedures. All of our Shop Manuals are Full Size as originals and feature the clearest print and pictures available in a “xerox” type copy. The covers are “in color” and protected by a heavy clear plastic to keep them clean. As an additional feature, each manual is spiral bound in plastic for long lasting use.

**OWNERS MANUALS:** Originally placed in the glove compartment of each car. They contain a wealth of information on awareness, instruction and maintenance of your newly purchased car.

**FISHER BODY MANUALS:** These books are "Shop Manuals" for the Body of the car. Topics include Doors, Panels, Weatherstripping, Glass, Glass Channels and all interior.

**CHASSIS AND BODY PARTS BOOKS:**
These books were sent to **BUICK** dealership for their parts department staff to recognize and identify parts. The illustrations within, enable you to find the "group" and "part number" of each part - then identify.

*All items listed below are quality copied from genuine Buick originals. They are provided as informative tools for restoration purposes.*

Guarantee - Returns

Your satisfaction is very important to us. If you are not satisfied with an item please phone and tell us why. We will accept any returnable item within 30 days of the sale (call first for authorization) provided it is in good unused condition and is returned prepaid with a copy of our receipt. We will then replace the item or refund the original cost. Parts returned through no fault of CARS, Inc. will be subject to a restocking charge. Not included in this policy are custom made items such as yard goods, carpets etc., electrical items, and some used parts. Custom items, if made incorrectly with be repaired, not refunded. Labor charges are not refundable. Returns will effect discount and free shipping programs. Expedited delivery charges are not returnable under any circumstances.

Back Orders

In the event an item is not in stock at the time of the order, we will back order until the item comes in or for 30 days at which time you may request a refund.

Subject to Change

All prices, part numbers, specifications, policies and terms are subject to change without notice. All parts subject to prior sale. Always double-check when ordering. Availability is not guaranteed.

Quantity Discount

We will extend a quantity discount of 10% on orders of new parts totalling over $1,000.00 paid for by cash, check, or postal money order. Excluded are custom made items and all services. Friends and club members should find this advantageous by combining their orders to meet the quantity discount. All items, however, will be shipped to one address. Actual shipping charges will apply.
