DATE CODED SPARK PLUG WIRE SETS

For those requiring the best for their show ready car, these reproduction wire sets are unsurpassed. They are manufactured to original GM blueprint specifications. They include the proper boots, terminals, script and correct factory length. All wires are carbon core for radio suppression. They come correctly identified with "Packard Radio TVRS" or "Radio GM" along with the proper date code to match your car.

Date codes will read as such: 3 Q 67. The first number, "3" corresponds to the third quarter of the year. "Q" means quarter. The last number, "67", is the year, 1967. Thus, a cable marked 3 Q 67 was produced in the third quarter of 1967. You should order your spark plug wire sets with dates that are 6 to 12 months prior to the manufacturing date of your car. Note: wires were not dated on vehicles prior to January 1961.

1964-1966 Special, Skylark and GS.

Carburetor Rebuilding and Restoration Service

Each carburetor is totally disassembled and cleaned in a hot tank solution. Then, each component is correctly plated, painted and colored to duplicate its original factory finish. The carburetor is reassembled using all proper gaskets, pumps, needles and seats, etc. and new correct screws. Finally, all bench adjustments are made to factory specs. This includes correct shimming of the start switch. The result, the best rebuilt and restored carburetor available in the Hobby.

**NOTE:** This is not an area to skimp on your restoration. Demand the best!

All of the below listed Sweeper kits contain 8 horizontal weatherstrips that seal the bottom of the side doorglass and rear quarter glass. Both inside and outside seals are included in the kits. All pieces come with the correct chrome beads (where necessary) and pre-bent metal backing. All kits come with clips and hardware for easy installation.

Our kits are OEM "original type" as they look and function as originals. We understand that there are aftermarket kits available through other vendors that have "flat" beads instead of the original "round" beads. We have found these kits to be inferior both in function and appearance, therefore, we refuse to sell them. Instead you will find that we sell the best "original" style kits at a fraction of the cost of those found elsewhere. Don't be fooled or settle for less.

Custom Form Molded Carpet Sets

Our carpets are Form Press Molded to manufacturers specifications for correct fit and easy installation. All sets include matching vinyl heel pad on drivers side, molded foot wells and jute underpadding. Our carpets are made from Dorsett roll goods, the highest quality automotive carpet available today.

When ordering, please specify color number, year, model and style of car. Colors listed are “names” only and do not imply any exact shade, color or trim code that may have been originally offered. FREE samples are available by sending S.A.S.E. We strongly suggest that you receive a sample before you purchase any carpet. You may also visit our website www.oldbuickparts.com and see group 15 for a color sampling of our carpets. Sorry, no returns on custom made items.

SHOP MANUALS: A Shop Manual is ESSENTIAL. This should be your very first purchase after buying your car. These fully illustrated books were originally developed by BUICK for trained BUICK mechanics. They offer in detail, description and analysis as well as maintenance and step by step overhaul procedures. All of our Shop Manuals are Full Size as originals and feature the clearest print and pictures available in a "xerox" type copy. The covers are "in color" and protected by a heavy clear plastic to keep them clean. As an additional feature, each manual is spiral bound in plastic for long lasting use.

OWNERS MANUALS: Originally placed in the glove compartment of each car. They contain a wealth of information on awareness, instruction and maintenance of your newly purchased car.

WD68A..........................1968 All .........................$7.25 ea.
WD69A..........................1969 All .........................$7.25 ea.

FISHER BODY MANUALS: These books are "Shop Manuals" for the Body of the car. Topics include Doors, Panels, Weatherstripping, Glass, Glass Channels and all interior.

CHASSIS AND BODY PARTS BOOKS: These books were sent to BUICK dealership for their Parts Department Staff to recognize and identify parts. The illustrations within, enable you to find the "group" and "part number" of each part - then identify. In many way they can also serve as assembly manuals.

All items listed below are quality copied from genuine Buick originals. They are provided as informative tools for restoration purposes.
