

# REGAL GN & GNX

Parts and  
Accessories

## Introduction

*There is no doubt that the BUICKS of yesteryear are the greatest classics of all times. Models like the GS are truly pleasurable automobiles that must be preserved and enjoyed. We, like so many others, think BUICK has built yet another great automobile, the turbocharged Regal and Grand National. Capable of satisfying a need for speed while being wrapped in a luxury ride, the turbocharged Regal offers a unique driving experience! As so aptly put, the turbocharged Regal is..... **BAD TO THE BONE***

*We have owned and restored many automobiles, most of them BUICKS. We love & respect these great classics and realize the difficulty in obtaining the parts necessary to complete a restoration or just keep a classic maintained as a daily driver. Parts for these great cars are becoming obsolete at an ever increasing rate. It is with this respect, training and experience, that we understand the needs and desires of our fellow restorers.*

*For over 35 years we have strived to give BUICK enthusiasts a wide selection of quality parts at reasonable prices, backed by the best possible service. We have more BUICK restoration parts than any other full service company in the industry.*

*If you have any questions on parts or your restoration please call.*

**The Gang At Cars**      *Thank you for your patronage.*

## Catalog Information

*We take pride in offering you this catalog. In it, you will find a large selection of new, used parts, reproduction items, literature and supplies for your Regal, T-Type and Grand National.*

*In the front of this catalog you will find items that generally apply to all Regal, Turbo-T, T-Types and Grand National models. The final pages of this catalog offers you something special; a computerized listing of new and used parts that apply specifically to your model year.*

*This catalog is as well as the computerized portion is listed according to group and part number sequence as used originally used by General Motors. It is important that you know the Series, Model, Trim, Options, etc., of your car in order to understand the application. Many times the name and/or model of the car (i.e. "Regal", "Grand National", etc.) will be written out. However, it is necessary to sometimes to use model numbers (i.e. G47), RPO codes (i.e. MW9), engine\* designations (i.e. 231-9) or specific sales options (i.e. Limited Pkg) to define the exact application. The information you need is the VIN number on your car, located on the lower left hand corner of the windshield, in the form of a strip metal plate and the RPO option label information located on the deck (trunk) lid.*

*NOTE: Engines are identified by the fifth character (1976-1980) or the eighth character (1981 & Up) of the Vehicle Identification Number (VIN) Example "7" would indicate a 3.8-7 Turbocharged engine.*

## Showroom Hours:

**Monday through Friday 8:30 a.m. to 5:00 p.m.**

**Other hours by chance.**

**Always call before you come, just in case.**

## CCCI Ignition Simulator

This diagnostic tool is a necessity for any serious turbo enthusiast, HUNDREDS in use. It allows you to actively simulate an ignition under load and observe the actual spark as it occurs. You can easily check the spark intensity of each coil at any RPM from idle all the way up to around 8000 RPM. Unit attaches to the top of the 1986-1987 GEN 1 coil pack and plugs into the module, then to the car's battery. By turning the control knob, you can observe the spark through three spark gap windows at the top of the unit. Weak or non-existent spark activity at any RPM can easily be seen. NON-RETURNABLE.

## Ordering Instructions

### ORDER BY TELEPHONE, FAX or ONLINE

Monday through Friday, 8:30 am to 5:00 pm.  
Saturday 9.00 am to Noon. Please call in advance.  
**Telephone: 908-369-3666**  
**Fax: 908-369-7595.**

**ORDER BY MAIL.** Please use Catalog Item Order Form, giving complete information requested. Order by Part numbers. If you do not have enough space use back of the form or on a plain piece of paper.

## Shipping and Handling Charges

Shipping, Handling and Insurance charges are shown on the order form. Add 10% to orders under \$100.00 but not less than our \$9.90 minimum shipping charge. We pay shipping on orders over \$750.00 of in-stock, non special order items by within the 48 states (Not included are custom made items, rebuilt or special orders). Large items (fenders, hood, etc.) are shipped freight collect by common carrier. Foreign Customers please add 20% to order for shipping and handling. Additional shipping charges will apply to large or heavy items. (All Air Shipments, Blue Label, etc. are additional).

## Means of Payment

### Personal Checks:

We will gladly accept your personal check and will not hold it for bank clearance if you provide your drivers license number on the check and we can obtain approval through a nationally recognized check clearing service. Should such approval not be obtained, we reserve the right to hold personal checks pending bank clearance.

**Foreign:** All orders are payable in U.S. funds only.

## Damages in Shipment

Damage in transit is the responsibility of the delivering carrier. Retain all packing materials and immediately contact CARS, Inc. to file your claim. Do not return damaged items to us as further shipping will result in the loss of claim settlement.

## Guarantee - Returns

Your satisfaction is very important to us. If you are not satisfied with an item please phone and tell us why. We will accept any returned item within 30 days of the sale (call first to obtain RMA) provided it is in good unused condition and is returned prepaid with a copy of our receipt. Parts returned through no fault of CARS, Inc. will be subject to a restocking charge. We will then (at our option) replace the item or refund the original cost. Not included in this policy are custom made items such as yard goods, carpets etc., electrical items, and some used parts. Labor charges are not refundable. Returns will effect discount and free shipping programs. Absolutely no claims/returns can be made after 30 days

Items returned without RMA approval # clearly marked on the outside of the box may result in loss of any return credit whatsoever.

## Back Orders

In the event an item is not in stock at the time of the order, we will back order until the item comes in or for 30 days at which time you may request a refund.

## Subject to Change

All prices, part numbers, specifications, policies and terms are subject to change without notice. All parts subject to prior sale. Always double-check when ordering. Not responsible for errors in print.

## Large Order Discount

We will extend a discount of 10% on orders of new parts totalling over \$1000 paid for by cash, personal check or US postal money order. Excluded are custom made items and all services. Friends and club members should find this advantageous by combining their orders to meet the quantity discount. All items, however, will be shipped to one address. Actual shipping charges will apply.
